CANADIAN BAPTIST MINISTRIES

Haiti/Chile

While we're still praying for the many desperate situations in Haiti, Baptists around the world are also being urged to pray for the South American country of Chile following the massive earthquake that hit the country in the early hours of Saturday February 27. Please pray that food and water relief will be prompt and effective and that medical supplies will be made available to those in the most desperate need.

Global

The number of hungry people in the world has grown to over one billion. This week, Byron and Susan Richardson from Brownfield, Alberta are in New Brunswick and Nova Scotia, speaking to farmers and lobster fishers about supporting the Canadian Baptist response to hunger through Canadian FoodGrains Bank. Please pray that their efforts will be used by God to provide hope for the poor.

Rwanda

The new school year resumed in February for the children of Rwanda, but the Godwins tell us that although school itself is free, the cost of uniforms renders many children unable to attend. Not only that, but Rwanda is switching the language of teaching from French to English – and they are in a hurry to do so. All the members of the Godwin family are bi-lingual, but for the majority – teachers as well as students - the new legislation leaves them ill-equipped to move forward. Please pray for those who must struggle to learn English while at the same time trying to absorb their study materials.
