* *The Congregation Is Invited To Stand*

CANADIAN BAPTIST MINISTRIES

Brazil

Joyce Hancock's latest report tells us how God is working in miraculous ways at Free Flight. Only He could have expanded their small internet connection to run more than 24 computers, often all at the same time.... while the telephone company still insists it is absolutely impossible. The internet café has been a tremendous blessing to the students, as it gives them something other than wandering the streets to spend their time on. We praise God and pray that He will continue to amaze us by His faithfulness and sovereignty in the face of tremendous odds.

Kenya

Tim and Diane Bannister ask us to pray for the leadership of both the Africa Brotherhood Church and the African Christian Church and Schools. They are both struggling with how best to bring development and integrity to the communities and individuals within their sphere of influence. Pray that they will continue to be guided by the Lord in all their efforts.

Angola

Pray for health, strength and the protection of the Lord for the students and teachers at the International Evangelical Theological Institute of Cabinda, where our own Dorothy Sowden teaches. Some of the student wives have small businesses, but most of the families have no regular income. While they are grateful for the assistance local churches already give, more is needed if these families are going to be able to eat every day.

PLEASE NOTE there is no Evening Service tonight. A vespers service will follow our Church picnic this afternoon at Sam's Place, 3:00 pm. Hot dogs, Hamburgers, and Corn on the cob provided; the rest is POTLUCK! *Remember to bring utensils, lawn chairs, etc.*

PLEASE REMEMBER in PRAYER

Ian Hunter	Mary and Bob Bell	Wanda McIsaac
Hope Foster	Wayne Kinney	Spike Family
Allison Hunter	Linda Levensalor	

This Week In Our Church:

Mon	Celebrate Recovery	6:30 pm
